

vitamin d + omega dha

What is VITAMIN D + OMEGA DHA?

vitamin d + omega dha provides two powerful nutrients in a medium sized capsule for the entire family.

Features and Benefits

- Two key nutrients (vitamin d3 & high-dha omega-3) in one capsule eliminating the need to take multiple capsules.
- It contains 525 mg of omega-3 + 2000IU of vitamin D3, an optimal, safe formulation within the upper tolerable limits.
- Convenient 15 count blister packs. Great for travel, on-the-go and daily tracking.
- Medium sized, easy to swallow, lemon flavored soft gel. Great for the whole family including children and seniors.

vitamin d + omega dha

SERVING INFORMATION

VITAMIN D + OMEGA DHA 2000 IU CAPSULE:

One capsule per day for children or adult weighing 100 lbs (50kg) or less.

Why vitamin d + omega dha is the solution.

1. There is a widespread deficit in omega-3 and vitamin d3.
 - *Get the optimal dose of both missing nutrients in one easy to swallow softgels.*
2. There are challenges of proper intake as it is difficult to receive sufficient omega-3 from foods leading to less fatty fish consumption.
 - *Receive an adequate dose of high-DHA omega-3 boosting your intake without the concerns of everyday fish consumption.*
3. We have well-meaning concerns with sun protection and absorbing enough vitamin d3.
 - *Receive 2000IU, which is a safe and optimal dose that can help raise to healthy blood levels.*

Before taking a dietary supplement, consult a doctor or other healthcare provider especially if you have a disease or medical condition, take any medication, are pregnant or nursing, or are planning to have surgery.
